## Policy G8

### **G-8: LOCAL ACTION PLAN**

#### **Policy**

In accordance with state law, it is the policy of the Washington West Supervisory Union and its member district schools: Fayston Elementary School, Harwood Union High School, Moretown Elementary School, Waitsfield Elementary School, Warren Elementary School, and Waterbury/Duxbury Union School District (Crossett Brook Middle School and Thatcher Brook Primary School) to establish annually a local action plan, based on student achievement data, that sets forth goals and associated resources needed to improve student performance.

#### **Implementation**

The school board, after consultation with the superintendent and the principal(s), will approve a planning process and action plan designed to utilize resources effectively to support high level student learning.

1. The plan will be developed using student performance data obtained from state and local assessments and other formal and informal information related to student performance such as, but not limited to, dropout, transfer and retention rates, course enrollment patterns, gender differences, student poverty, graduation rates, and access to technology;
2. The school board will approve the plan which will contain:
  - o specific goals and objectives for improved student learning;
  - o educational activities and strategies specifically designed to achieve these goals, including professional development for administrative and instructional staff;
  - o assessments of and efforts to maintain a safe, orderly, civil and positive learning environment free from harassment, hazing and bullying;
  - o time lines for expected results;
  - o recommendations for the financial support required to achieve the goals and objectives; and
  - o links to the multi-year goals and objectives of the school's plan.
3. The principal is responsible for implementing the action plan and will work collaboratively with the superintendent to provide regular progress reports to the school board;
4. The superintendent will reconvene the action planning team on an as-needed basis to review the action plan, determine its effectiveness toward meeting the stated goals, and revise as necessary based upon updated student performance data and other locally developed evaluative criteria;
5. The principal, in collaboration with the superintendent, will prepare a plan for board approval to ensure that the community is informed regularly about the school's progress toward meeting the goals of the plan.

The superintendent will assure that the district's policies on supervision and evaluation, student assessment, reporting, professional development, and other policies and procedures are aligned to support the accomplishment of action plan goals and objectives.
